- No organic or inorganic residues

ORDER CODE:
20036-PG22 ~ 2 OZ.
20037-PG22 ~ 6 OZ.

Universal Pond Liner Repair Kit

No messy glue, just peel and stick. Repairs PVC, HDPE, EPDM, and Butyl liners. Repairs all name brand liners of all types.

ORDER CODE: C57 61201-PG22

Building a waterfall out of stone?

Then you need Foam Seal

Black Waterfall Stone Sealant

Stone waterfalls leak!

They lose water and can drain your pond when you're not home. Use Handi Foam Seal (Black) to fill in all possible leaks. Sprinkle some foam dust on the foam when it's wet. When dry it will look like part of the falls. Easy to use and safe for fish and pond.

ORDER CODE:
BW5531-PG22 ~ 31 oz.

Tetra Pond Seaming Tape

Adhesive on front and back joins most pond liners together (including TetraPond liners with Xavan® by Dupont), EPDM rubber, and PVC liners.

ORDER CODE: 29214-PG22 ~ 3" wide x 19.5 ft. long

Quick Seal Tape

Seals fittings, joins tubing and fixes leaks.

ORDER CODE:
12021-PG22

Silicone

For general use. Water tight for easy fixing of leaks and cracks. Also for securing rocks, patches, extending liners. Easy to use. Pond and fish safe

ORDER CODE:
SLCN-PG22

Underwater Glue

Safe for fish and plants. Easily attach objects underwater or in other moist environments. Great for use on PVC or EPDM liners.

ORDER CODE:
00132-PG22
